**COMPLAINT FOR INJUNCTION
AND DAMAGES FOR PATENT
INFRINGEMENT**

DEMAND FOR JURY TRIAL

FILED
2013 AUG 23 PM 12:05
CLERK U.S. DISTRICT COURT
CENTRAL DIST. OF CALIF.
SANTA ANA

1 Plaintiffs HID GLOBAL CORPORATION (“HID”), ASSA ABLOY AB
2 (“AAAB”) and DESTRON FEARING CORPORATION (“Destron”) (collectively,
3 “Plaintiffs”), for their Complaint against defendants ISONAS, INC. (“Isonas”), and
4 DOES 1 through 10, inclusive (collectively, “Defendants”), allege as follows:

5 **JURISDICTION AND VENUE**

6 1. This is an action involving claims of patent infringement under Title
7 35, United States Code. This Court has jurisdiction pursuant to 28 U.S.C. §§ 1331
8 and 1338(a).

9 2. Venue is proper with this Court pursuant to 28 U.S.C. § 1391(b) and
10 (c), as Defendants reside in this judicial district, a substantial part of the events,
11 omissions and acts which are the subject matter of this action occurred within the
12 Central District of California, and a substantial part of the property that is the
13 subject of the action is located in the Central District of California.

14 **THE PARTIES**

15 3. HID is a Delaware corporation having its principal place of business
16 located at 15370 Barranca Parkway, Irvine, California.

17 4. AAAB is a Limited Liability Company established under the laws of
18 Sweden and having a principal place of business in Stockholm, Sweden. AAAB is
19 HID’s parent company.

20 5. Destron is a Delaware corporation having its principal place of business
21 located in St. Paul, Minnesota.

22 6. Plaintiffs are informed and believe, and thereon allege, that Isonas is a
23 Colorado corporation having its principal place of business located at 4720 Walnut
24 Street, Suite 200, Boulder, Colorado, 80301.

25 7. The true names and capacities, whether individual, corporate, associate
26 or otherwise, of defendants DOES 1 through 10, inclusive, are unknown to
27 Plaintiffs, which therefore sue said defendants by such fictitious names. Plaintiffs
28 will seek leave of this Court to amend this Complaint to include their proper names

1 and capacities when they have been ascertained. Plaintiffs are informed and believe,
2 and based thereon allege, that each of the fictitiously named defendants participated
3 in and is in some manner responsible for the acts described in this Complaint and
4 the damage resulting therefrom.

5 8. Plaintiffs allege on information and belief that each of the defendants
6 named herein as Does 1 through 10, inclusive, performed, participated in, or abetted
7 in some manner, the acts alleged herein, proximately caused the damages alleged
8 hereinbelow, and are liable to Plaintiffs for the damages and relief sought herein.

9 9. Plaintiffs allege on information and belief that, in performing the acts
10 and omissions alleged herein, and at all times relevant hereto, each of the
11 Defendants was the agent and employee of each of the other Defendants and was at
12 all times acting within the course and scope of such agency and employment with
13 the knowledge and approval of each of the other Defendants.

14 HID'S BUSINESS

15 10. HID is a leader in the delivery of secure identity solutions for millions
16 of customers throughout the world. HID's identity solutions are used in a variety of
17 applications, including physical access control, logical access control, access card
18 printing and personalization, highly secure government identification and animal
19 identification. HID's products, solutions and services are sold through a well-
20 established network of OEMs, developers, systems integrators and distributors
21 worldwide. End users of HID's products, solutions and services include businesses
22 and organizations in virtually all industry sectors, including government, healthcare,
23 retail, industrial, commercial, airports, ports, finance and education.

24 11. HID's physical access control products and solutions are sold under
25 HID's well-known brands, including iCLASS®, SmartID®, HID® Prox and
26 Indala® Prox. These industry leading products, include radio frequency
27 identification ("RFID") readers and credentials that operate at low frequency
28 (i.e., 125 kHz), high frequency (i.e., 13.56 MHz), or both.

THE PATENTS AT ISSUE

12. HID owns or is a licensee to numerous patents and other intellectual property that relate to various aspects of HID's business. The patents that are the subject of this action, United States patent nos. 7,439,862 (the "'862 Patent") and 5,952,935 (the "'935 Patent"), relate generally to multi-technology readers and credentials.

13. The '862 Patent, entitled "Antenna Array For an RFID Reader Compatible With Transponders Operating At Different Carrier Frequencies," issued on October 21, 2008. AAAB owns by assignment, and HID is a licensee of, the '862 Patent.

14. The '862 Patent generally discloses, among other things, an RFID reader that includes at least two reader antennas that operate at different carrier frequencies. The reader antennas are arranged in a configuration that optimizes performance of the RFID system, while maintaining a compact size.

15. The '935 Patent, entitled "Reprogrammable Channel Search Reader," issued on September 14, 1999. Destron owns the '935 Patent. Pursuant to a license agreement dated September 21, 2007 (the "License Agreement"), Destron's predecessor granted to Assa Abloy Identification Technology Group AB ("AAITG") an exclusive license in certain fields to the '935 Patent. Destron's predecessor further granted to AAITG the right to enforce the '935 Patent to the full extent of the license granted, including the right to file actions for patent infringement for any current or past infringement. By assignment, AAAB owns the rights granted to AAITG pursuant to the license from Destron's predecessor. Pursuant to the License Agreement, Destron's predecessor, as owner of the '935 Patent, agreed to participate in any infringement action brought by AAITG, or its successor to the rights under the License Agreement, AAAB. Destron is named as a plaintiff in this action for that reason alone.

16. The '935 Patent generally discloses an RFID reader that is capable of

1 reading identification signals from transponders that use different frequencies,
2 different methods of modulation, and/or different methods of encoding to
3 communicate with the RFID reader. Another key aspect of the '935 Patent provides
4 that the RFID reader is programmable.

5 ISONAS' INFRINGEMENT

6 17. Isonas also is in the business of providing physical access control
7 solutions, including RFID readers that operate at 125 kHz and 13.56 MHz carrier
8 frequencies. Isonas competes directly with HID, and sells and seeks to sell its RFID
9 readers to various industry sectors, including those to which HID sells its products.
10 As set forth below, certain of Isonas' readers incorporate inventions that are
11 disclosed in and protected by the '862 and '935 patents.

12 FIRST CLAIM FOR RELIEF

13 (Patent Infringement – '862 Patent)

14 18. Plaintiffs reallege each and every allegation set forth in paragraphs 1
15 through 17, inclusive, and incorporate them herein by this reference.

16 19. Defendants make, use, sell, offer for sale, and/or import into the United
17 States products that meet each and every element of one or more claims of the '862
18 patent. As such, Defendants have infringed and are infringing the '862 patent.

19 20. Plaintiffs have marked relevant products and/or product literature with
20 the '862 Patent pursuant to 35 U.S.C. § 287. On information and belief, Defendants
21 have had actual knowledge of the '862 Patent before and during their infringement
22 of the '862 Patent. On information and belief, Defendants' infringement of the
23 '862 patent has been and will continue to be willful, wanton and deliberate with full
24 knowledge and awareness of Plaintiffs' patent rights.

25 21. Plaintiffs have been damaged in an amount to be determined at trial,
26 but which is no less than a reasonable royalty, and irreparably injured by
27 Defendants' infringing activities. Plaintiffs will continue to be so damaged and
28 irreparably injured unless such infringing activities are enjoined by this Court.

22. Moreover, in light of the willful nature of Defendants' conduct, this case should be deemed "exceptional" under the Patent Laws. As a result, in addition to damages, Plaintiffs are entitled to enhanced damages and their attorneys' fees and costs incurred herein.

SECOND CLAIM FOR RELIEF

(Patent Infringement – '935 Patent)

23. Plaintiffs reallege each and every allegation set forth in paragraphs 1 through 17, inclusive, and incorporate them herein by this reference.

24. Defendants make, use, sell, offer for sale, and/or import into the United States products that meet each and every element of one or more claims of the '935 Patent. As such, Defendants have infringed and are infringing the '935 Patent.

25. Plaintiffs have marked relevant products and/or product literature with the '935 Patent pursuant to 35 U.S.C. § 287. On information and belief, Defendants have had actual knowledge of the '935 Patent before and during their infringement of the '935 Patent. On information and belief, Defendants' infringement of the '935 patent has been and will continue to be willful, wanton and deliberate with full knowledge and awareness of Plaintiffs' patent rights.

26. Plaintiffs have been damaged in an amount to be determined at trial, but which is no less than a reasonable royalty, and irreparably injured by Defendants' infringing activities. Plaintiffs will continue to be so damaged and irreparably injured unless such infringing activities are enjoined by this Court.

27. Moreover, in light of the willful nature of Defendants' conduct, this case should be deemed "exceptional" under the Patent Laws. As a result, in addition to damages, Plaintiffs are entitled to enhanced damages and their attorneys' fees and costs incurred herein.

PRAYER FOR RELIEF

WHEREFORE, Plaintiffs pray for judgment against Defendants as follows:

1. That Defendants, their officers, directors, agents, servants, employees,

COMPLAINT FOR PATENT
INFRINGEMENT

1 and all persons and entities in active concert or participation with them, or any of
2 them, be preliminarily and permanently enjoined and restrained from further
3 infringement of the '862 Patent and the '935 Patent;

4 2. A judgment by the Court that Defendants have infringed and are
5 infringing the '862 Patent and the '935 Patent;

6 3. An award of damages for infringement of the '862 Patent and the '935
7 Patent, together with prejudgment interest and costs, said damages to be trebled by
8 reason of the intentional and willful nature of Defendants' infringement, as provided
9 by 35 U.S.C. § 284;

10 4. A determination that this case is "exceptional" under 35 U.S.C. § 285,
11 and an award of Plaintiffs' reasonable attorneys' fees;

12 5. That any monetary award include pre- and post-judgment interest at the
13 highest rate allowed by law;

14 6. For costs of suit; and

15 7. For such other and further relief as the Court may deem just and proper.
